

What is Premium Seating?

Want extra legroom for you and your family? Purchase Premium seating during booking or check in for *extra legroom* and space to make your flight more enjoyable.

Premium seating options are limited and go fast. So, if you're interested in a little more legroom, don't hesitate!

Note: If you do not select a seat at booking or check in, you will be randomly assigned a seat from the remaining selection. We'll try to keep your party together, but the only way to ensure that you'll sit together is to select seats at time of booking.
